Marc Durando
Executive Director
European Schoolnet

Course details

Dates: 30 April - 15 June 2018

Duration: 26 hours

Description: <http://www.europeanschoolnetacademy.eu/web/europeana-in-your-classroom-building-21st-century-competences-with-digital-cultural-heritage>

Organiser: EUN Partnership aisbl (known as European Schoolnet), Rue de Trèves 61, B-1040 Brussels

This course was produced under the Europeana DSI-3 project, co-financed by the Connecting Europe Facility of the European Union. The course content has been produced by the Europeana DSI-3 Developer Group of 18 teachers, the Europeana Foundation and European Schoolnet.

Course content

Module 1: Europeana: transform education with digital culture

The course participant who has successfully passed this module has achieved the following learning objectives:

1. Discussing and exploring what cultural heritage is, and its importance (including the 2018 European Year of cultural heritage);
2. Becoming familiar with the Europeana platform, and its work in education;
3. Exploring the first part of the Learning Scenario.

Module 2: Search and use Europeana Collections to teach your subject

The course participant who has successfully passed this module has achieved the following learning objectives:

1. Understanding what the Europeana Collections are and the benefits of using them in their lessons;
2. Learning how to search the Europeana Collections for relevant content, navigating copyright information and correctly attributing cultural records;
3. Exploring Europeana's curated resources (thematic collections, online exhibitions and galleries) and the possibilities for using them in teaching;
4. Continuing to explore the learning scenario.

Module 3: Explore Europeana educational tools and resources

The course participant who has successfully passed this module has achieved the following learning objectives:

1. Learning about ready-to-use digital learning resources and tools available for teaching, developed by Europeana and selected partners;
2. Continuing to explore the learning scenario, step 3;
3. Getting the opportunity to participate in a TeachMeet where part of the Developer Group presented their Learning Scenarios.

Module 4: Design learning scenarios with Europeana content and resources

The course participant who has successfully passed this module has achieved the following learning objectives:

1. Exploring 5 learning scenarios which use Europeana resources;
2. Learning about tools and selected methodologies, such as PBL, Augmented Reality or STEAM subjects;
3. Finding examples of 21st-century skills for students in the context of learning scenarios, and how Europeana can contribute to their development.

Module 5: Assess cultural heritage lessons: towards 21st-century skills

The course participant who has successfully passed this module has achieved the following learning objectives:

1. Receiving an introduction to general assessment approaches;

Course content

2. Understanding possible ways to assess 21st-century skills in their students;
3. Becoming familiar with a self-assessment rubric for their cultural heritage lesson plans;
4. Becoming familiar with a student assessment rubric for cultural heritage lessons;
5. Taking part in the final course activity.
